COME WORK WITH US!

LOCAL DRIVER – Household Goods Division

ONE YEAR OF RESIDENTIAL MOVING EXPERIENCE REQUIRED

Lewis and Michael are a family-owned business that began in the Dayton area over 70 years ago. Our company is now run by Bill Lewis, the grandson of our founder. Bill works alongside us every day! We currently have 3 locations, servicing residential moving, commercial freight and residential and industrial storage and warehousing.

Our employees are very important to us and once someone joins our company/family, they stay! We have employees and contractors that have been with us for over 30 years. You are not just an employee number to us; you are an integral part of our team/family. An added benefit is that we are also an Atlas Van Agent, so as well as helping people move locally and within Ohio, we move them across the country and globally. So, no day or move is the same! One day you could be doing a local residential move and the next moving a military member, or a school, hospital, or library. We are especially proud to serve the members of the military by moving them to their new postings all over the world.
