

Serving
Dayton
Since 1950

An Atlas Van Lines Agent

Come work with us! Warehouse Specialist – Household Division – Residential Moving We need you!

Lewis and Michael are a family-owned business that began in the Dayton area over 70 years ago. Our company is now run by two of the grandchildren who work alongside us every day! We currently have 3 locations in Dayton and Columbus servicing residential moving, commercial freight and residential and industrial storage and warehousing.

Our employees are very important to us and once someone joins our company/family, they stay! We have team members that have been with us for over 40 years. You are not just an employee number to us; you are an integral part of our team/family. An added benefit is that we are also an Atlas Van Agent, so as well as helping people move locally and within Ohio, we move them across the country and globally. So, no day or move is the same! One day you could be doing a local residential move and the next moving a school, hospital, or library. We are especially proud to serve the members of the military by moving them to their new postings all over the world.

Job Description

We are seeking a Warehouse Specialist to join our team in our household division based in Dayton! We need people who take pride in what they do and are willing to learn and who can use their initiative. The daily job will consist of the following:

Responsibilities:

- Assist with shipping, receiving, unloading, and loading trucks.
- Loading/Unloading Furniture into and out of storage
- Moving materials and items from storage areas to shipping designated areas

Qualifications:

- Previous warehouse experience a plus but not required
- Ability to handle physical workload (over 50lbs)

Benefits:

- Medical (PPO or HSA)
- Vacation/Public Holidays
- 401K
- 401K Match

***Veterans absolutely welcomed!
We are an equal opportunity employer***
